

PATHOLOGY GRAND ROUNDS

MONDAY, MAY 23, 2022

12:00 P.M. - 1:00 P.M.

VIA ZOOM

“HPV – Associated Oropharyngeal Squamous Cell Carcinoma – The Latest

SPEAKER: JAMES S. LEWIS, JR., MD

PROFESSOR OF PATHOLOGY – MICROBIOLOGY AND IMMUNOLOGY

PROFESSOR OF OTOLARYNGOLOGY – HEAD AND NECK SURGERY

VANDERBILT UNIVERSITY MEDICAL CENTER

Learning Objectives: At the conclusion of this activity, attendees should be able to:

- Define and describe the latest in p16 and HPV testing in head and neck carcinomas according to the College of American Pathologists Guidelines.
- Recognize when (and when not) to test for high risk HPV or its surrogate marker p16, according to anatomic subsite of the primary tumor – oropharynx versus non-oropharynx.
- Become familiar with alternative specimens, including fine needle aspiration fluid and circulating blood serum or plasma, for evaluation for cell free HPV DNA as a diagnostic test in patients with oropharyngeal squamous cell carcinoma.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure: No one in a position to control content, including the speaker, the activity director or planning committee members has any financial relationships to disclose.

Conflict of interest information for the CME Advisory Committee members can be found on the following website: <https://cme.ufl.edu/disclosure/>. All relevant financial relationships have been mitigated
